

CURRICULUM VITAE

Rajan Ghimire

New Mexico State University
Agricultural Science Center at Clovis
2346 State Highway 288
Clovis, NM 88101

E-mail: rghimire@nmsu.edu
Phone: 575-985-2292
Cell: 541-314-1411

EDUCATION

Ph.D., Soil Science, University of Wyoming, Laramie, WY, May 2013. Dissertation: Soil organic matter and soil microbial communities in long-term and transitional crop and forage production systems in eastern Wyoming

M.Sc. Soil Science, Tribhuvan University, Nepal, June 2006. Thesis: Soil organic carbon sequestration by tillage, crop residue, and nitrogen management in the soils of Chitwan, Nepal

B.Sc. Agriculture (Soil Science), Tribhuvan University, Rampur, Nepal, June 2004

EXPERIENCE

Assistant Professor-cropping systems (Oct. 2015 –date)

New Mexico State University, Agricultural Science Center, Clovis, New Mexico.

Postdoctoral Scholar (Jan. 2014 – Sept. 2015)

Oregon State University, Columbia Basin Agricultural Research Center, Pendleton, Oregon.

Postdoctoral Research Associate (June 2013 – Dec. 2013)

University of Wyoming, Department of Ecosystem Science and Management, Laramie, WY.

Graduate Assistant (Aug. 2009 – May 2013)

University of Wyoming, Department of Ecosystem Science and Management, Laramie, WY.

Visiting Scientist (May – July 2008)

Wageningen University and Research Centre/ Louis Bolk Institute, the Netherlands.

Lecturer of Soil Science (June 2006 – July 2009)

Tribhuvan University, Institute of Agriculture and Animal Sciences, Nepal

Graduate Research and Teaching Assistant (2004 – 2006)

USAID Soil Management-Collaborative Research Support Program, Tribhuvan University, Institute of Agriculture and Animal Sciences, Nepal

PUBLICATIONS

Journal Papers

Invited presentations

1. Soil organic matter management in dryland soils. Nepalese Society of Soil Science talk series program, Khumaltar, Nepal, January 2017
2. Conservation systems for sustaining High Plains agriculture, 8th Annual Northeastern New Mexico Prairie Partners Meeting, Tucumcari, NM, December 2016.

3. Monitoring and modelling crop yield in a dryland winter wheat - summer fallow system using the DAYCENT model, Workshop on Water and Energy Innovation for Food Security and Environmental Sustainability, Beijing, China, June 2016
4. Sustainable Practices in Small-holder Agriculture: Case Studies from Mountains and Plains of Nepal, NeSA 8th International Conference on Role of Diaspora for Sustainable Homeland, Las Cruces, NM, March 2016.
5. Crop and forage production in dryland and limited irrigation cropping systems. New Mexico State University, Las Cruces, NM, May 2015.
6. Soil organic matter dynamics and microbial community in irrigated crop and forage production systems. Auburn University, Auburn, AL, April 2015.
7. Soil and nutrient management strategies for sustainable dryland and irrigated cropping systems. Montana State University, Bozeman, MT, February 2015.
8. Sustainable forage production in the semiarid west, Oregon State University Program at Eastern Oregon University, La Grande, OR, April 2015
9. Soil organic matter and climate change. Climate Change Workshop for School Teachers, Pendleton, OR, October 2014.
10. Management systems influence soil organic matter and microbial community structure in Great Plains of USA, Agriculture and Forestry University, Rampur, Nepal, December 2013.
11. Soil organic carbon, microbial communities and greenhouse gases emissions as influenced by crop rotation and management approaches, Columbia Basin Agriculture Research Centre, Pendleton, OR, September 2013.

Other presentations (2016-2017, * indicate student presentation)

1. * Ghimire B., **R. Ghimire**, A.O. Mesbah. Cover crops effects on soil moisture, weed density, and potentially mineralizable carbon in a winter wheat- summer fallow system. EPPWS Graduate Seminar, New Mexico State University, Las Cruces, NM, 2016 (Talk).
2. **Ghimire, R.**, A.O. Mesbah. Cover crops for improving sustainability of winter wheat – sorghum – fallow system. University Research Council Fair, New Mexico State University, Las Cruces, NM, 2016.
3. *Ghimire B., **R. Ghimire**, A.O. Mesbah. Potentially mineralizable carbon under cover crops: field results and laboratory incubation study. University Research Council Fair, New Mexico State University, Las Cruces, NM, 2016 (**First Prize winner**).
4. * Ghimire B., R. Ghimire, A.O. Mesbah. Potentially Mineralizable Carbon under Cover Crops: Field Results and Laboratory Incubation Study. EPPWS Graduate Student Poster Competition, New Mexico State University, Las Cruces, NM, 2016 (Poster)

Field day and outreach presentations

1. Cover crops, soil organic matter dynamics and soil health. Annual field day, Agriculture Science Center, Clovis, August 3rd 2016, # Participants: 115.
2. Cover crops in winter wheat-sorghum-fallow system, Canola/cover crop field day, May 10th 2016, # Participants: 71.

Webinars and YouTube video

1. Allan, M., P. Bista, **R. Ghimire**, and S. Machado. 2015. Effects of cover crop on soil carbon, nitrogen, and soil moisture in a wheat-fallow system. https://www.youtube.com/watch?v=-TP_jvhV3Kc&index=2&list=PLUqxhcJ7EFQ4f5GhP_L27fGaSA0985WwH.
2. Burns, C., **R. Ghimire**, P. Bista, and S. Machado. 2015. Long-term management effects on labile C: a response to changing climate in the Pacific Northwest. https://www.youtube.com/watch?v=lh9XVIbS-EA&index=4&list=PLUqxhcJ7EFQ4f5GhP_L27fGaSA0985WwH
3. **Ghimire, R.** and S. Machado. 2015. Soil organic carbon dynamics in Pendleton tillage – fertility long-term experiment. Climate Change and Agriculture in Pacific Northwest Webinar Series. <https://www.youtube.com/watch?v=1p1e4AUOZnE&feature=youtu.be>

Funded grant proposals (\$304,778)

1. Sustaining agriculture through adaptive management to preserve the Ogallala Aquifer under a changing climate. M.A. Marsalis, S. Angadi, **R. Ghimire**. NMSU sub-award of USDA award# 2016-68007-25066. 2016-2020: \$216,850 (CO-PI, 67%).
2. Strategies for soil and water conservation and sustainable forage corn production system in New Mexico: cutting height, row spacing and forage quality considerations. S. Begna, S. Angadi, **R. Ghimire**, and A.O. Mesbah. New Mexico Conservation Innovation Grant. 2017-2018: \$75,000 (CO-PI, 30%).
3. Integrated nutrient and pest management for improving sustainability of small-holder farming in Chitwan, Nepal. **R. Ghimire**, J.P. Rijal, K.D. Puri, N. Bhattarai. The Horticulture Innovation Lab's Trellis Fund (submitted through Center for Agricultural Research and Development, Nepal). 2016-2017: \$2,000 (PI, 50%)
4. Soil conservation and sustainable crop production through reduced-tillage and crop diversification in drylands of the eastern New Mexico. **R. Ghimire**, A. Mesbah, J. Idowu. NMSU Agricultural Experiment Station. 2016-2018: \$48,000 (PI, 90%).
5. Conservation tillage and cover crops for improving sustainability of semiarid dryland cropping systems in the south-western United States. **R. Ghimire**. USDA- National Institute of Food and Agriculture, Hatch project, 2016-2021 (PI, 100%).
6. Soil organic matter dynamics in winter wheat-based production systems: demonstrating impacts of climate change on soil C and N. **R. Ghimire**, P. Bista, and S. Machado. Extension Sub-award of USDA National Institute of Food and Agriculture competitive grant program (award # 2011-68002-30191). 2015-2016: \$15,000 (PI, 90%).
7. Developing sustainable dryland winter wheat production systems using cover crops in Pacific Northwest. S. Machado, P. Bista, and **R. Ghimire**. Agriculture Research Foundation, Oregon State University. 2015-2016: \$12,495 (CO-PI, 40%).
8. Soil survey and land use classification of Kanchanpur District, Nepal. B.R. Khanal and **R. Ghimire**. The National Planning Commission of Nepal. 2014/15: \$3,575 (CO-PI).
9. Land use systems effects on the fertility status of hills and valley soils of Nepal. **R. Ghimire**. Kaule eV. Organization for Sustainable Agroecology. 2009: \$1,237 (PI, 100%).

10. Raising understanding on rising temperature, educating school students on climate change. **R. Ghimire**, and B. RanaBhat. Practical Action – Nepal. 2007-2008: \$5,200 (PI, 80%).
11. Promotion of organic agriculture, and farmers' field schools for livelihood security of marginalized communities in Chitwan and surrounding districts of Nepal. B. RanaBhat, **R. Ghimire**, and R. Adhikari. AusAID, Australia. 2007: \$7,500 (CO-PI, 35%).

Funding as scholarship, research fellowships, donations (\$16,225)

1. Fellowship for participation in NSF-EPSCoR Workshop in Bioinformatics to Foster Collaborative Research, 2013: \$1,800
2. IPNI Travel Award, Western Nutrient Management Conference, 2013: \$300.
3. Student Poster Awards, Great Plains Soil Fertility Conference, 2012: \$300.
4. Department of Ecosystem Science and Management Travel Award, 2012: \$1,125.
5. Gerald “Jerry” E. Schuman Graduate Fellowship in Soil Science. 2012: \$1200.
6. Eldon and Josephine Johnston Family Graduate Fellowship. 2011: \$2100.
7. Department of Ecosystem Science and Management Travel Award, 2011: \$400.
8. Robert L. Lang Graduate Fellowship, 2010: \$1,500.
9. UWYO Graduate Student International Travel Award, 2010: \$1,400.
10. Travel Grant, Quality Improvement Program of University Grant Commission of Nepal, 2009: \$170.
11. Louis Bolk Institute Research Fellowship, Louis Bolk Institute, the Netherlands, 2008: \$6,000.

TEACHING

- Fall 2013, Soil Fertility and Fertilizers (Graduate/Undergraduate course, Soil 4160/5160),
- Fall 2012, Soil Microbiology (Graduate/Undergraduate, laboratory, Soil 4140/5140),
- Spring/summer 2009, Soil Microbiology (Graduate course), Tribhuvan University, Nepal.
- 2008, Soils of Nepal (Undergraduate Soil Science Major), Tribhuvan University, Nepal.
- 2006-2009, Soil Fertility, Fertilizer, and Integrated Nutrient Management (Undergraduate),
- 2006-2009, Fundamental of Soil Science and Geology (Undergraduate), Spring Semester, Tribhuvan University, Nepal.

STUDENT ADVISING/MENTORING

- Vesh R. Thapa, Major advisor, M.S. PES, Expected graduation, Summer 2018.
- Binod Ghimire, Co-advisor, M.S. EPWS, expected graduation, Fall 2017.
- Carissa Burns, summer 2015 (undergraduate, REACCH summer intern).
- Mikayla Allan, summer 2015 (undergraduate, REACCH summer intern).
- Rebecca Graham, summer 2014 (undergraduate, REACCH summer intern).
- Kristie A. Bear, 2010-2013, McNair fellow, summer 2013.
- Pradeep Neupane, 2010-2012.

HONORS AND AWARDS

- Student Poster Awards (1st place), NSF-EPSCoR Workshop in Bioinformatics to Foster Collaborative Research, 2013.

- Student Poster Award (2nd place), Western Society of Soil Science, 2012.
- Student Poster Award (3rd place), Great Plains Soil Fertility Conference, 2012.
- Gerald “Jerry” E. Schuman Graduate Fellowship in Soil Science, 2011.
- Eldon and Josephine Johnston Family Graduate Fellowship and UW Excellence Award, 2011.
- Robert L. Lang Graduate Fellowship. Graduate Student International Travel Award, 2010.
- Conference Travel Award, Quality Improvement Program of University Grant Commission of Nepal, 2009.
- Research Fellowship, Soil Management – Collaborative Research Support Program (SM-CRSP), Cornell University and Tribhuvan University, 2005/2006.

PROFESSIONAL SOCIETIES

2011– 2014	Member of American Association for the Advancement of Science.
2011 – Present	Member of honor society “Phi Kappa Phi”.
2010 – Present	Member of the American Society of Agronomy, and Soil Science Society of America.
2010 – Present	Member of “Gamma Sigma Delta” the Honor Society of Agriculture.
2010 – 2011	Member of the Soil and Water Conservation Society.
2007 – 2009	Member of Soil Science Subject Matter Committee, IAAS, Rampur, Nepal
2007 – Present	Member of Society of Agricultural Scientists-Nepal.
2005 – Present	Executive Committee Member, Centre for Agricultural Research and Development, Nepal.
